

What is a participating dentist?

A participating dentist is a general dentist or specialist who has agreed to accept negotiated fees as payment in full for services provided to plan members. Negotiated fees typically range from 35–50% below the average fees charged in a dentist's community for the same or substantially similar services.*

*Based on internal analysis by MetLife. Negotiated fees refer to the fees that in-network dentists have agreed to accept as payment in full for covered services, subject to any co-payments, deductibles, cost sharing and benefits maximums. Negotiated fees are subject to change. Negotiated fees do not apply to non-covered services in states that prohibit limitations for services not covered under a plan. Participating providers in these states may charge their non-negotiated fees for non-covered services.

Savings from enrolling in a dental benefits plan will depend on various factors, including the cost of the plan, how often participants visit a dentist, and the cost of services rendered.

Q. How do I find a participating dentist?

A. There are thousands of general dentists and specialists to choose from nationwide — so you are sure to find one who meets your needs. You can receive a list of these participating dentists online at [metlife.com](https://www.metlife.com) or call 1-800-942-0854 to have a list mailed to you.

Q. What services are covered by my plan?

A. Please see your certificate of insurance or Summary Plan Description for a description of covered services.

Q. May I choose a non-participating dentist?

A. Yes. You are always free to select the dentist of your choice. However, if you choose a non-participating dentist, your out-of-pocket costs may be higher.

Q. Can my dentist apply for participation in the network?

A. Yes. If your current dentist does not participate in the network and you would like to encourage him or her to apply, ask your dentist to visit [metdental.com](https://www.metdental.com), or call 1-866-PDP-NTWK for an application.* The website and phone number are for use by dental professionals only.

* Due to contractual requirements, MetLife is prevented from soliciting certain providers.

Q. How are claims processed?

A. Dentists may submit your claims for you which means you have little or no paperwork.

You can track your claims online and even receive e-mail alerts when a claim has been processed. If you need a claim form, visit [metlife.com](https://www.metlife.com) or request one by calling 1-800-942-0854.

Q. Can I get an estimate of what my out-of-pocket expenses will be before receiving a service?

A. Yes. You can ask for a pre-treatment estimate. Your general dentist or specialist usually sends MetLife a plan for your care and requests an estimate of benefits. The estimate helps you prepare for the cost of dental services. We recommend that you request a pre-treatment estimate for services in excess of \$300. Simply have your dentist submit a request online at [metdental.com](https://www.metdental.com) or call 1-877-MET-DDS9.

You and your dentist will receive a benefit estimate for most procedures while you are still in the office.

Actual payments may vary depending upon plan maximums, deductibles, frequency limits and other conditions at time of payment.

Q. Can MetLife help me find a dentist outside of the U.S. if I am traveling?

A. Yes. Through international dental travel assistance services,* you can obtain a referral to a local dentist by calling +1-312-356-5970 (collect) when outside the U.S. to receive immediate care until you can see your dentist. Coverage will be considered under your out-of-network benefits.** Please remember to hold on to all receipts to submit a dental claim.

*International Dental Travel Assistance services are administered by AXA Assistance USA, Inc. AXA Assistance is not affiliated with MetLife, and the services and benefits it provides are separate and apart from the insurance provided by MetLife. Referral services are not available in all locations. **Refer to your dental benefits plan summary for your out-of-network dental coverage.

Q. How does MetLife coordinate benefits with other insurance plans?

A. Coordination of benefits provisions in dental benefits plans are a set of rules that are followed when a patient is covered by more than one dental benefits plan. These rules determine the order in which the plans will pay benefits. If the MetLife dental benefit plan is primary, MetLife will pay the full amount of benefits that would normally be available under the plan. If the MetLife dental benefit plan is secondary, most coordination of benefits provisions requires MetLife to determine benefits after benefits have been determined under the primary plan. The amount of benefits payable by MetLife may be reduced due to the benefits paid under the primary plan.

Like most group benefit programs, benefit programs offered by MetLife and its affiliates contain certain exclusions, exceptions, waiting periods, reductions, limitations and terms for keeping them in force. You may be financially responsible for copayments, deductibles, or any other amounts in excess of those MetLife is required to pay for covered services as described in your dental certificate and/or policy. Ask your MetLife representative for costs and complete details.
