Re: Temporary Solutions Quarterly Compliance Monitoring Report for the Period
April 1 – June 30, 2026 (Due October 1, 2026)

N.C.G.S. § 126-6.3(a6) requires the Office of State Human Resources (OSHR) to report quarterly, beginning January 1, 2024, “to the Joint Legislative Oversight Committee on General Government and to the Fiscal Research Division on agency compliance with this section and policies and rules adopted pursuant to it, including:

1. “The number and type of all exceptions made by the Director of the OSHR.
2. Any agency invoices with due dates greater than 60 days.
3. Compliance with G.S. §147-86.11(e)(3) through (e)(4).
4. The number of temporary employees who exceeded 11 months of consecutive employment, and the number of days each employee exceeded 11 months of employment, separated by State agency.”

Temporary Solutions, a program of OSHR, hereby submits this report for the period April 1 – June 30, 2026.¹

Compliance Report

1. The number and type of all exceptions made by the Director of OSHR (N.C.G.S. § 126-6.3(a6)(1))

Exceptions on the use of Temporary Solutions by Cabinet agencies

¹ Effective October 1, 2026, S.L. 2026-40 replaces Chapter 126 of the General Statute with Chapter 126A and, therefore, the requirement for Temporary Solutions to report pursuant to N.C.G.S. § 126-6.3(a6) will be repealed. N.C.G.S. § 126A-2-5 requires JoinNC (formerly Temporary Solutions) to report on compliance with JoinNC policies annually as part of the State of the State Workforce Report. Consequently, this will be the last quarterly compliance report that Temporary Solutions submits.

Ordinarily, “all Cabinet agencies that utilize temporary employees to perform work that is not information technology related shall employ them through the Temporary Solutions Program administered by the Office of State Human Resources (OSHR).” N.C.G.S. § 126-6.3(a). N.C.G.S. § 126-6.3(a3)(1) states: “The Director of the OSHR may create exceptions to the requirements of subsection (a) of this section only when the following conditions are met:

- a) The Temporary Solutions Program cannot meet the agency’s employment needs for a class of temporary job assignments.
- b) Failure to recruit for the class of temporary job assignments will cause severe harm to the agency’s ability to provide services to the public.”

No new exceptions were made under N.C.G.S. § 126-6.3(a3)(1) during the reporting period.

Exceptions to 11-month limit for temporary employees

N.C.G.S. § 126-6.3(a1) states: “No temporary employee shall be employed more than 11 consecutive months. A temporary employee shall only be eligible for reinstatement on the job assignment after working 11 consecutive months if the temporary employee is separated for at least 31 consecutive calendar days.” N.C.G.S. § 126-6.3(a3)(3) states the conditions under which an exception can be made to the 11-month limit:

“The Director of the OSHR may create exceptions to the requirements of subsection (a1) of this section only when all the following conditions are met:

- a) The exception is in the best interests of the State because removing the employee from the job assignment will cause severe harm to the agency's ability to provide vital services to the public.
- b) The exception will not result in extending the 11-month maximum length of temporary employment beyond 22 months from the employee's initial hire date.”

The Director of OSHR made 16 exceptions under N.C.G.S. § 126-6.3(a3)(3).²

The NC Department of Health and Human Services (DHHS) Office of Minority Health (OMH) received an exception to the 11-month limit for a temporary Business Services Coordinator I. OMH was awarded a \$213 million Rural Health Transformation Program (RHTP) grant. OMH was in the process of establishing a RHTP office but did not yet have the legislative or budget authority to do so. As DHHS worked to obtain this authorization, create positions, and hire staff, the temporary worker was assigned to support the implementation of the grant to ensure successful completion of the first year of funding, which was abbreviated and ended on 9/30/26. Year 2 of funding was predicated on whether the agency could demonstrate that it met Year 1 program goals and metrics. Reporting on Year 1 accomplishments was due on 8/30/26. If OMH could not demonstrate successful completion of its Year 1 goals and metrics, it risked loss of funding for Year 2 and uncertainty around future funding for similar projects. This would have

impacted vital services provided by the RHTP and its comprehensive strategic initiatives, which included community-rooted networks, prevention and chronic disease management, behavioral health expansion, workforce development, financial sustainability, and technology and innovation.

DHHS Black Mountain Neuro-Medical Treatment Center received an exception to the 11-month limit for a temporary psychiatrist. The Center created this temporary position to address its growing need for psychiatric oversight with the increasing psychiatric complexity of its admissions. At the time of the agency's request, several residents were experiencing significant instability and required weekly psychiatric evaluations and medication adjustments. The agency determined that consistent psychiatric oversight by a psychiatrist was critical to ensuring the residents' safety, treatment progression, and overall well-being. The extension provided the agency with time to explore establishing a permanent psychiatrist position at the Center while avoiding the substantial disruption to care that would have resulted from the temporary employee separating for 31 days.

DHHS Division of State-Operated Healthcare Facilities (DSOHF) received an exception to the 11-month limit for a temporary Applications Systems Manager I. The employee was part of the team transitioning the DSOHFs from their legacy health records tracking systems to Epic. The employee was working to complete the archiving of VistA, the legacy system used by Central Regional Hospital (CRH). The employee possessed specialized institutional and technical knowledge that was unique within the facility and team and essential to the completion of the project. Interruption of the employee's assignment would have significantly delayed this last phase of the transition and created operational risk for CRH related to the proper handling and storage of medical records of children, adolescents and adults receiving or that received psychiatric care at the facility.

OSHR Temporary Solutions received an exception to the 11-month limit for a temporary Administrative Specialist II. The employee provided support for all Temporary Solutions accounts receivable, timekeeping, and payroll functions. The employee assisted in the processing of over 1,000 paper timesheets every two weeks, the auditing of time entries for more than 4,000 temporary employees, the invoicing of approximately \$4.5 million each pay period, and the recording of over \$100 million in receipts annually. The employee was being transferred from the temporary position to a permanent position effective two weeks after their 11-month limit. The agency determined that separating the temporary for two weeks while awaiting transfer to the permanent position would affect business continuity within Temporary Solutions and risk the timely processing of time records for the pay period that the employee would have been separated, potentially affecting employee pay, morale and retention.

DHHS received an exception to the 11-month limit for a temporary IT Project Manager I. The employee served as a thought leader and subgroup facilitator for the First Lady's Cannabis Council. The agency determined that any disruption in the leadership of the Council would greatly affect the Council's work, and its goal was to prevent any interruption in the consistency of the program.

The Governor's Office received an exception to the 11-month limit for a temporary Administrative Specialist. The employee was responsible for supporting the coordination, processing, and administration of gubernatorial appointments to boards and commissions, functions that are time-sensitive and central to the operation of state government. The Governor's Office determined that requiring the employee to separate from employment would result in delays in processing board and commission appointments, increased workload burden on remaining staff causing strain on existing limited resources, disruption in communication and coordination with stakeholders and appointees, and reduced efficiency in maintaining compliance with statutory and executive requirements. Given the critical nature of these functions, continuity in this role was determined to be essential to ensure uninterrupted public service and operational stability.

DHHS Office of Minority Health and Health Disparities (OMHHD) received an exception to the 11-month limit for a temporary Program Coordinator IV. The employee provided essential support in advancing the Office's communications, health literacy, and community engagement priorities. The employee's responsibilities directly contributed to increasing access to care for underserved and under-resourced populations, strengthening culturally competent outreach, and ensuring timely dissemination of accurate, inclusive information across North Carolina. The agency determined that requiring the employee to separate would cause: 1) delays in the development and release of culturally tailored communication materials needed for ongoing community outreach; 2) disruptions in the Office's digital communications platforms that require continuous monitoring and timely updates to maintain compliance and public trust; 3) gaps in partner communication, including newsletters and one-pagers that support navigation of the health system for communities; and 4) reductions in the Office's capacity to meet current deadlines tied to statewide initiatives, reporting cycles, and community engagement commitments.

DHHS Division of Human Resources received an exception to the 11-month limit for two HR Technicians II. Both employees possessed and applied expertise in the new Workday system that significantly contributed to "the critical and complex work associated with Workday implementation and support." The agency determined that the timing of the employees' 11-month limit "would present a considerable challenge to maintaining momentum as [the agency] works toward completing end-to-end Workday training and transition efforts." This would, in turn, affect the agency's ability to effectively recruit, onboard, and support new employees across DHHS, including those providing critical care to some of North Carolina's most vulnerable citizens.

DHHS Office of Minority Health (OMH) received an exception to the 11-month limit for a temporary Program Manager I. The employee served as the RHTP Office's senior administrative and strategic coordination lead, overseeing high-profile initiatives, regulatory compliance, executive communications, Centers for Medicaid and Medicare Services and partner relations, and cross-functional program coordination to ensure effective and compliant program operations. Year 2 of funding was predicated on whether the agency could demonstrate that it met Year 1 program goals and metrics. Reporting on Year 1 accomplishments was due on 8/30/26. The agency determined that if OMH could demonstrate successful completion of its Year 1 goals and metrics, it risked loss of funding for Year 2 and uncertainty around future funding for similar

projects. This would have impacted vital services provided by the RHTP and its comprehensive strategic initiatives, including community-rooted networks, prevention and chronic disease management, behavioral health expansion, workforce development, financial sustainability, and technology and innovation.

The NC Department of Adult Correction (DAC), Education Services Division received an exception to the 11-month limit for a temporary Network Engineer. The employee's work supported the requirements of the Digital Equity Grant, which "expands digital access, skills, and participation for incarcerated learners by funding the installation of secure internet infrastructure and providing essential technology for prison education programs." The employee "installs access points and cabling to support the iNet system, equips classrooms with laptops, tablets, charging carts, and related peripherals, and ensures that students in prison education programs can access modern digital learning resources." The agency determined that requiring the employee to separate for the 11-month limit with two months of funding remaining on the grant would stop the "creation of reliable digital learning environments and increased opportunities for both synchronous and asynchronous instruction in otherwise disconnected rural areas." It would also "significantly impede the agency's ability to deliver [these] essential public services."

DHHS Division of Public Health received an exception to the 11-month limit for a temporary Program Coordinator IV. The employee helped administer the lead and asbestos childcare facility and school testing and remediation program funded by the American Rescue Plan Act (ARPA) within the Section's Children's Environmental Health Unit. The ARPA program was expected to be extended an additional six months (until June 30, 2027) so that funding could be available to facilities, providing additional time to submit applications and complete lead and asbestos mitigation activities. The agency determined that if the employee was required to separate, it would result in a major disruption in the administration of the ARPA program because the work unit did not have anyone else on staff with budget experience. The employee's continued employment was needed to help ensure program administrative requirements continued to be addressed, including budgets, contracts, reports, and support of temporary personnel affiliated with the ARPA program. Without this work, funding provided through the program for childcare facility and school testing and remediation services would have stopped.

DHHS Division of Human Resources received an exception to the 11-month limit for a temporary Program Manager I. The employee was the Training and Consultation Coordinator for the Workforce Engagement Team in the Division, providing training, consulting, and coaching to teams across DHHS. The employee also supported efforts toward the centralization of HR from all Regional offices and the Division of State-Operated Healthcare Facilities, and helped manage programming for the Experiential Learning and Opportunity Internship Program. The agency determined that requiring the 31-day separation would significantly impact the agency's ability to train supervisors and staff with strategies to reduce turnover and create workplace environments that foster quality improvement measures for teams. Without this work, the agency anticipated larger vacancy rates impacting the ability of the facilities to operate at peak capacity for those in NC needing their services.

DHHS JFK Alcohol and Drug Abuse Treatment Center received an exception to the 11-month limit for a temporary psychiatrist, extending the employee's temporary assignment by one

month. The agency determined that it was “difficult to recruit and retain experienced psychiatrists in Western North Carolina and [the facility] recently lost two permanent full-time psychiatry staff members.” As JFK actively recruited and processed the onboarding of the vacant positions, it found itself needing the temporary psychiatrist to assist in the coverage of open shifts until the end of August. The agency determined that without this work, JFK patients would lack essential psychiatric services, especially on weekends and at night when the temporary psychiatrist had flexibility to work.

The Governor’s Office received an exception to the 11-month limit for a temporary Program Director II. The employee organized strategic partnerships leading to charitable donations, new innovations, and projects and priorities benefiting the State. The Governor’s Office determined that requiring the employee to separate for 31 days would interrupt program continuity as communication, planning, initiatives, and momentum are stalled or put on hold, increasing risk that funding and support for these projects would be lost.

The NC Department of Natural and Cultural Resources (DNCR) received an exception to the 11-month limit for a temporary Interim Executive Director at Roanoke Island Festival Park. The employee provided direction and oversight during a critical period at the park, which included peak visitation season, dredging of the Shallowbag Bay, interviews for the new Executive Director position, and the eventual hire’s transition into the full-time role. The agency determined that requiring the temporary employee to separate for 31 days would severely disrupt the agency’s ability to manage the park, receive visitors, and navigate the park’s involvement in the State’s dredging project, which were all essential services and functions provided to the State by the agency.

DHHS Division of Human Resources received an exception to the 11-month limit for a temporary Agency HR Consultant III. The employee worked on the DHHS Classification and Compensation team, which helps ensure correct classifications and equitable salaries for all new and existing DHHS positions. The scope of the team’s work and duties changed significantly in recent months with the centralization of all HR operations coming under the Division of Human Resources. The Division learned that two of its permanent employees would be taking leaves of absence and one additional permanent employee was resigning. The agency determined that losing the temporary worker to the 11-month limit would cause severe strain on the Classification and Compensation team’s operations, especially as it worked to reallocate up to 80 positions for the then-newly established RHTP, and impede on the agency’s ability to recruit and retain employees providing critical health and human services across the state.

2. Any agency invoices with due dates greater than 60 days (N.C.G.S. § 126-6.3(a6)(2))

When a temporary is employed through and paid by Temporary Solutions, the employing state agency receives invoices from Temporary Solutions that include:

- The amount paid to the temporary.
- The employer portion of the FICA tax.
- The employer premium for High-Deductible Health Plan coverage if the temporary is enrolled.

- An administrative charge of \$2.00 per hour of time worked by the temporary. The charge funds the operations of Temporary Solutions, a 100% receipt-supported program.

N.C.G.S. § 147-86.21 requires state agencies to which an account receivable is owed to collect the account receivable according to internal policies and procedures that are consistent with statewide policies and procedures adopted by the State Controller. Temporary Solutions issues past due notices to employing agencies when an invoice is 30 days past due (First Notice) and 60 days past due (Second and Final Notice). Additionally, Temporary Solutions issues the employing agency a “Notice of Pending Referral to the Attorney General’s Office” when an invoice is approximately 75 days past due and sends a Statement of Account to each agency HR Director and CFO every month. The Statement of Account is a list of all unpaid open invoices, including those that are current and past due.

Table A identifies, for the period ending June 30, 2026, the number of invoices that were more than 60 days past due, by agency. For a detailed list of these invoices, including the invoice number, state agency, number of days past due, and amount of each invoice, please see Appendix 1.

Table A: Invoices more than 60 days past due, as of June 30, 2026, by agency

Agency	Number of past due invoices		Did agency or Division, based on individual budget code, have an invoice owed that was over 90 days overdue and a total overdue invoice amount exceeding \$200,000?
	61-89 days	90+ days	
Adult Correction	2	33	No
Agriculture and Consumer Services	2	1	No
Environmental Quality	1	0	No
Health and Human Services	16	47	No

Justice	19	0	No
Office of Administrative Hearings	0	3	No
Public Instruction	0	1	No
Public Safety ³	66 (see note)	555 (see note)	No

³ Of the invoices for Public Safety that were more than 90 days past due shown in Table A above, 410 were for the North Carolina National Guard (NCNG). Of the invoices for Public Safety that were between 61-89 days past due, 41 were for NCNG. As stated in the last sentence of G.S. § 126-6.3(a2), the National Guard is exempted from the provisions of that subsection, which prohibits new temporary employees if a sufficient quantity of invoices are overdue.

Agency	Number of past due invoices		Did agency or Division, based on individual budget code, have an invoice owed that was over 90 days overdue and a total overdue invoice amount exceeding \$200,000?
	61-89 days	90+ days	
State Board of Elections	2	0	No
State Board of Opticians	3	0	No
Total	115	640	

As shown in Appendix 1, the average unpaid amount of invoices that were greater than 60 days past due was \$1,654.74.

Table A also identifies whether any of the past due invoices shown in Table A required agencies to be suspended from acquiring new temporary employees under N.C.G.S. § 126-6.3(a2), which reads, effective June 28, 2024:

“The OSHR shall prohibit from acquiring new temporary employees any agency or division, based on individual budget code, having an invoice owed to the OSHR that is over 90 days overdue and a total overdue invoice amount exceeding two hundred thousand dollars (\$200,000). When an agency or division, based on individual budget code, is restricted from acquiring a new temporary employee under this subsection, the agency or division shall not be allowed to acquire new temporary employees through the Temporary Solutions Program until the agency or division has paid all invoices that are over 90 days overdue. The provisions of this subsection do not apply to the North Carolina National Guard.” N.C.G.S. § 126-6.3(a2), as amended by Session Law 2024-23, Section 10.

As shown in Table A, there were no agency Divisions, based on individual budget code, that had, during the reporting period, at least one invoice that was greater than 90 days past due and a total past due balance exceeding \$200,000.

3. Compliance with N.C.G.S. § 147-86.11(e)(3) through (e)(4)

N.C.G.S. § 147-86.11(e)(3) states: “Moneys due to a State agency by another governmental agency or by private persons shall be promptly billed, collected and deposited.”

Temporary Solutions generates invoices prior to each biweekly pay day. This process typically takes one to two business days. Once the invoices are generated, they are distributed to each agency in SharePoint. This process typically takes five to seven business days.

Table B identifies, during the period April 1 – June 30, 2026, the pay period, the date of each biweekly pay day, the date that invoices were generated, and the date that invoice distribution was completed.

Table B: Invoices generated and distributed by pay period, April – June 2026

413	Friday, June 19, 2026	3,363	Friday, June 26, 2026

N.C.G.S. § 147-86.11(e)(4) states:

“Unpaid billings due to a State agency other than amounts owed by patients to the University of North Carolina Health Care System, East Carolina University's Division of Health Sciences, customers of the North Carolina Turnpike Authority, or the North Carolina Department of Transportation shall be turned over to the Attorney General for collection no more than 90 days after the due date of the billing, except that a State agency need not turn over to the Attorney General unpaid billings of less than five hundred dollars (\$500.00)...”

Appendix 2 provides a detailed list of past due invoices that were referred to the Attorney General's Office from April 1 – June 30, 2026.

4. The number of temporary employees who exceeded 11 months of consecutive employment, and the number of days each employee exceeded 11 months of employment, separated by State agency.

Background

From April 1 – June 30, 2026, approximately 7,450 temporaries were employed in state government. Of this, an average of 3,824 temporaries were employed through Temporary Solutions, an average of 1,757 were employed directly by state agencies, and 1,869 were employed through private staffing firms.⁴

N.C.G.S. § 126-6.3(a1) states: “No temporary employee shall be employed more than 11 consecutive months. A temporary employee shall only be eligible for reinstatement on the job assignment after working 11 consecutive months if the temporary employee is separated for at least 31 consecutive calendar days.”

N.C.G.S. § 126-6.3(a3) addresses exceptions to the 11-month requirement. Subsection (a3)(2) states: “A temporary employee who is a full-time student, a retired employee, an inmate on a work-release program, an intern, or an extern is exempt from the requirements of subsection (a1)

⁴ Please note that the total number of temporaries employed through Temporary Solutions and directly by state agencies for past months is not available in the Integrated HR-Payroll System, only the total number that were employed at the end of each month. Therefore, an average number is provided.

of this section.” Subsection (a3)(3) states: “The Director of the OSHR may create exceptions to the requirements of subsection (a1) of this section only when all of the following conditions are met: a. The exception is in the best interests of the State because removing the employee from the job assignment will cause severe harm to the agency's ability to provide vital services to the public. b. The exception will not result in extending the 11-month maximum length of temporary employment beyond 22 months from the employee's initial hire date.”

Table C identifies, by agency and employment method, the number of temporaries who worked more than 11 consecutive months without an approved exception. Three temporaries employed directly by a state agency or through Temporary Solutions between April 1 – June 30, 2026, worked more than 11 consecutive months without an approved exception.

In addition, 86 temporaries reached their 11-month limit between April 1 – June 30, 2026 but worked longer than 11 consecutive months because they had one of the approved exceptions in N.C.G.S. § 126-6.3(a3) (retired, a full-time student, intern, extern, inmate, or had an exception made under N.C.G.S. § 126-6.3(a3)(3)).

Appendix 3 provides a detailed list of temporaries who exceeded 11 months of continuous employment with an approved exception.

Appendix 4 provides a detailed list of temporaries who exceeded 11 months of continuous service without an approved exception.

Remediation

Agency employers provided an explanation for temporaries employed through third-party staffing services who worked longer than 11 months without an approved exception. Explanations specific to each temporary employee can be found in Appendix 4. Table D combines and summarizes those comments by agency, with a corresponding remediation plan for each.

Table D: Reasons for exceeding the 11-month limit and remediation plans

Agency	Agency comments (combined and summarized)	Remediation plan
Health and Human Services; Adult Correction; Public Safety	Business operations dictated the need for continued work by the employee/work unit needed the employee to work longer than 11 months. Third-party staffing contracts are competitively awarded contracts and are written	N.C.G.S. § 126-6.3 applies to any “temporary employee,” defined as a “State employee who is employed in a temporary appointment for a limited term, including a State employee ... hired by an agency from a private staffing firm.” N.C.G.S. § 126-6.3(a)(7). DHHS takes the position that these staff are not covered by the statute, because they are not “State employees.” Specifically, in the response found on the last page of this

Agency	Agency comments (combined and summarized)	Remediation plan
	as professional service contracts stating that the employees of the contract are employees of the vendor and that the vendor will provide all obligations as the employer of the vendor staff.	report, DHHS stated, “Contract language states the employees of this contract are employees of the vendor, and that the vendor will provide all obligations as the employer of Vendor Staff.” As stated in Appendix 4 of this report, Adult Corrections also takes the position that the employees of the third-party vendor are solely employees of the contractor and not State employees, and therefore the 11-month limit in N.C.G.S. §126-6.3 does not apply. The Department of Public Safety is working to improve its tracking of third-party temporaries at Juvenile Justice and Delinquency Prevention (JJDP) facilities to ensure compliance with the 11-month limit.
Public Safety – NC National Guard	The agency received 90-, 60- and 30-day notifications from Temporary Solutions but the employee continued to work past the 11-month limit due to supervisor oversight.	Two of the temporary workers continued working the week after their 11-month limit was due, but stopped working by the end of the week. A third temporary worker continued to work for 18 days past the 11-month limit. Temporary Solutions separated the temporary worker in accordance with N.C.G.S. § 126-6.3(a5), but the employee continued to work and submit timesheets. Temporary Solutions is required to pay the employee for hours worked regardless of the 11-month limit. Temporary Solutions escalated the issue of supervisor oversight of the employees’ temporary assignments to the agency HR Director. The HR Director met with NC National Guard, with Temporary Solutions present, to implement new procedures and oversight meant to mitigate further 11-month violations.

Adult Correction Response:

For the workers paid through P & G Security Guard Inc. — “The Department of Adult Correction has contracted with P & G Security Guard Inc. since 2021 to provide security to the perimeter of many of our state prisons. The employees of P & G are trained and supervised by P&G staff. P&G provides all staff uniforms and equipment to perform their job. Therefore, the agency has not viewed P&G as a staffing firm but an agency that provides a security service. Due to the nature of this contract the agency has not requested their

employees take a 31-day break after 11 months. This requirement would make it very difficult for this company to retain their consistent trained staff.”

For workers not paid through P&G Security Guard Inc. — “Business operations dictated the need for continued work by the employee/work unit needed the employee to work longer than 11 months. These contracts were all competitively awarded Professional Services contracts and written as professional services contracts. The purpose was/is to augment DAC staff when additional needs arise. Contract language states the employees of this contract are employees of the vendor, and that the vendor will provide all obligations as the employer of Vendor Staff.”

Health and Human Services Response:

“Business operations dictated the need for continued work by the employee/work unit needed the employee to work longer than 11 months. [For nurses obtained through third-party staffing firms,] these contracts were all competitively awarded Professional Nursing Services contracts and written as professional services contracts. The purpose was/is to augment DSOHF Nursing staff when additional needs arise. Contract language states the employees of this contract are employees of the vendor, and that the vendor will provide all obligations as the employer of Vendor Staff.”

Public Safety Response:

“The Department of Public Safety is working to improve its tracking of third-party temporaries at Juvenile Justice and Delinquency Prevention (JJDP) facilities to ensure compliance with the 11-month limit.”
